

COOKIE POLICY

Myspecialist uses cookies on its internet website www.myspecialist.be (the Website). You can learn more about cookies and the way to control them by reading the information hereunder.

By using our website, you accept the use of cookies in accordance with this Cookie Policy. This Cookie Policy is an integral part of the Myspecialist Privacy Policy.

1. WHAT ARE COOKIES?

A cookie is a file containing small amounts of data which may then be stored on your computer or mobile device when you visit a website or app. Cookies are then sent back to the original website or app at each subsequent visit, or to another website or an app that recognizes that cookie. Cookies are widely used by website or app owners to make their websites or apps easier to use or make it more functional, but also to provide information reports.

Cookies have many different features, such as: allowing you to navigate between pages efficiently, remembering your preferences, and generally improving the user experience. Cookies can also help ensure that the advertisements you see online are more relevant to you and your interests.

Cookies set by parties other than the website or the app owner are called "third party cookies". Third party cookies enable third party features or functionality to be provided on or through the Website or App (e.g. websites analytics services). The parties that set these third party cookies can recognise your computer both when it visits the website or the app in question and also when it visits certain other websites.

2. HOW LONG LAST THE COOKIES?

Cookies can remain on your computer or mobile device for different periods of time. Some cookies are 'session cookies', which means they only exist when your browser or app is open and are automatically deleted when you quit your browser or app.

Other cookies are 'persistent cookies', meaning they survive after your browser or app is closed and can be used by websites or apps to recognize your computer when you re-open your browser or app later. The length of the cookies used on our Website and our App is explained in more detail in the table below.

3. WHICH COOKIES DOES MYSPECIALIST USE?

Please consult the below table to understand which different types of cookies we use and how you can delete them.

Type of cookie	Source	Purpose	Expiry	How to block it

4. HOW TO CONTROL AND DELETE COOKIES THROUGH THE BROWSER

The ability to enable, disable or delete cookies can be managed through the browser. To do this, follow the instructions provided by your browser (usually located in the function "Help", "Tools" or "Manage"). Disabling a cookie or a category of cookies does not delete cookies from your browser; you must do it yourself from your browser.

Please note that if you choose not to accept cookies, you will not be able to access certain features that make your use of the Website or the App more effective. In addition, some features of the Website or App may not function properly.

5. THE COOKIES THAT WERE SENT IN THE PAST

If you have disabled one or more cookies, we can always use information collected by these cookies before the deactivation. However, we cease to collect information via the deactivated cookie.

6. MORE INFORMATION ABOUT COOKIES

For more information about cookies, including explanation about how cookies are placed on your device, or how to manage and delete them, visit <http://www.allaboutcookies.org>.

7. CONTACT

If you have questions or comments about this Cookie Policy, or general questions regarding data protection, please contact us by email at help@myspecialist.be.
